Individuals are welcome to appear without their name on the agenda. Advance notification simply makes it easier for the County Clerk's Office to prepare the agenda. Thank you. Every student enrolled or enrolling in a Kansas school must have proof of 2 doses of measles vaccine (MMR) (KAR 28-1-20).

Persons exposed to a measles case who cannot readily provide documentation of measles immunity including those children with immunization exemptions, will be excluded from the school or childcare setting until 21 days after the onset of the last reported illness in the setting (KAR 28-1-6).

If the person at risk for measles disease is immunized or shows proof of immunization within 24 hours of a case being reported, the exclusion will not be needed.

Regulations also require that anyone who has measles be isolated until 4 days after the rash appears (KAR 28-1-6). That means they must be kept away from public places like daycare centers, school and work.

Medical Providers are required to report possible cases to the Local Health Department or the State Health Department via telephone within 4 hours.
