MOSTELLER GRAVE

Located in NW $\frac{1}{4}$ of Sect. 6 Twp. 28S Rge 22E

This is 2 mi N of Walnut (cem. corner) and about 1 $\frac{1}{4}$ E and 3/4 N.

1-24-1972 Mr. Arnold Murdock who lives along the S side of this section, told of an old neighbor across the road to the S, now deceased, Mr. Lou Zwiefel, who had known of the grave of a Mosteller child on the E bank of Walnut Creek, near the creek and W of a hedge, and perhaps a little over $\frac{1}{4}$ mi S of the N side of the section. Mr. Murdock had never seen any marker, but believed originally there may have been one.

The 1906 Plat Book of Crawford County shows a dwelling on the E bank of the creek, a little less than $\frac{1}{4}$ mi from both W and N sides of section, so it is possible the child was buried near the house. The name of G. S. Mosteller is given as owner of this land at that time.

Wm. Cuthbertson & Ernie Stevens visited Mr. Murdock and took down this info., but did not try to visit the site of the grave, since Mr. Murdock had never found any trace of it.
