MOUNT PLEASANT CEMETERY

Located SW cor of SE $\frac{1}{4}$ Sect. 6, Twp. 27S Rge 23E.

This is $\frac{1}{2}$ mi W of the county road intersection at Arma, Kansas, on the N side of the road, perhaps $\frac{1}{4}$ mi W of the Arma bypass. Some bulk oil tanks and a storage building occupy the spot at present, which is on the farm of Mr. and Mrs. Andrew Kmetz.

Mr. & Mrs. Kmetz (nee Alvina Bollwinkel of nr. Brazilton) had records which showed this cemetery was established Sept 10, 1912, covering 5 acres of what is now their farm. According to reports they had heard, one body was buried there, and there was much objection made by neighbors. Finally, the one burial was removed to another location, and the cemetery was never used after that. Mr. and Mrs. Kmetz found it necessary to wait until 1962, 50 years after the establishment of the cem., to obtain clear title to this plot of ground, according to Mr. Shanahan, Sec'y. of State of the State of Kansas.
