<p>Med Trans Midwest Aero-care</p>	<p>Courtney Harrison was not able to be at the meeting, but she emailed Rebecca with an update.</p>	<p>The CISM Training that was held at downstream casino went very well this week and we had 8 people within our Region 6 EMS area in attendance! We had the discussion yesterday to begin assembling a team as a resource for this region. We are planning to meet in the next few weeks for further discussion as we are already starting the ground work for this. This will be a great asset for our region and I wanted to pass it along to the board. If there is anyone that has had CISM Training and would like to join our effort, please reach out to me. I have spoken with our membership representative Jesse Hudson and he is happy to come speak at a meeting if there is still interest in having him.</p>
